## APPROXIMATELY 1,000 ATTEND BSP HARI RAYA GET-TOGETHER WITH THE COMMUNITY

Brunei Shell Petroleum Company Sdn Bhd (BSP) opened its doors to approximately 1,000 guests during its Hari Raya Get-Together with the community held at Pusat Insani. The event aims to foster and maintain closer ties and enhance goodwill between BSP and the community in an atmosphere of good cheer.

Hosting the event was Managing Director of BSP, Dr Ceri M. Powell, whereby she welcomed Penghulus and village heads of the Belait District, and other government officials. To also add cheer to this year's open house were key figures and residents in the Belait District including BSP employees, their families and friends.

Guests were entertained with fun classical games and a special appearance from local celebrity entertainer, Bracunz. In addition, they were also treated to an array of buffet spreads of local dishes, cotton candy and free flow of ice cream.

This annual celebration is one of the social investment activities organised by the Oil and Gas Centre (OGDC), a community development flagship of BSP.

The event was then concluded with a delightful choir performance by students from Panaga School who had taken their time to participate in the day's program in order to make the event more joyful and entertaining.
