ASSESS SUITABILITY

Some key elements to look at where relevant.....

- ✓ Reiterate understanding of requirements, case for change or problem statements
- ✓ Proposed solution models to each requirements
- ✓ How the solution would address requirements, problems and BSP model
- ✓ How proven is the solution model

Strong Understanding Of Requirements

- ✓ Technical and Non Technical Solutioning
- ✓ Methodology i.e. Waterfall & Agile
- ✓ Project schedule management
- ✓ Communication Plan
- ✓ Risk Management
- ✓ Quality Management

Proposal Plan

- ✓ Relevant past experience on successful projects with other clients

Personnel's Experience where relevant not limited to:

- ✓ Project Management
- ✓ Developer (App/Web/Api)
- ✓ Business Analysis
- ✓ Knowledge Transfer to clients
- ✓ Any similar or relevant experience in related field.
- ✓ Knowledgeable in relevant specific technical

Organization Performance & Personnel Experience

Not Limited to:

- ✓ PMP or Prince2 for Project Management
- ✓ Relevant Microsoft Certifications
- ✓ BA Certifications
- ✓ Relevant Technical Certifications

Certification / Accreditation

- ✓ Other possible options
- ✓ Market Innovation
- ✓ Long term Economical Aspects & Sustainability

Suggestions/Improvement

- BSP Supply Chain Management Team (SCM) – Point of contact for Vendors
- Scope of Work submission will provide more detailed requirement – via SCM Request For Quotation (RFQ) Process.

GHG PERFORMANCE MONITORING AND VISUALIZATION

ICV Forum – Wednesday, January 12, 2022

HSE/5 Environment Affairs

Adina Bidin (HSE/52) and Hizaam Haris (HSE/59)

Greenhouse Gas (GHG) Performance, Monitoring and Reporting (PMR)

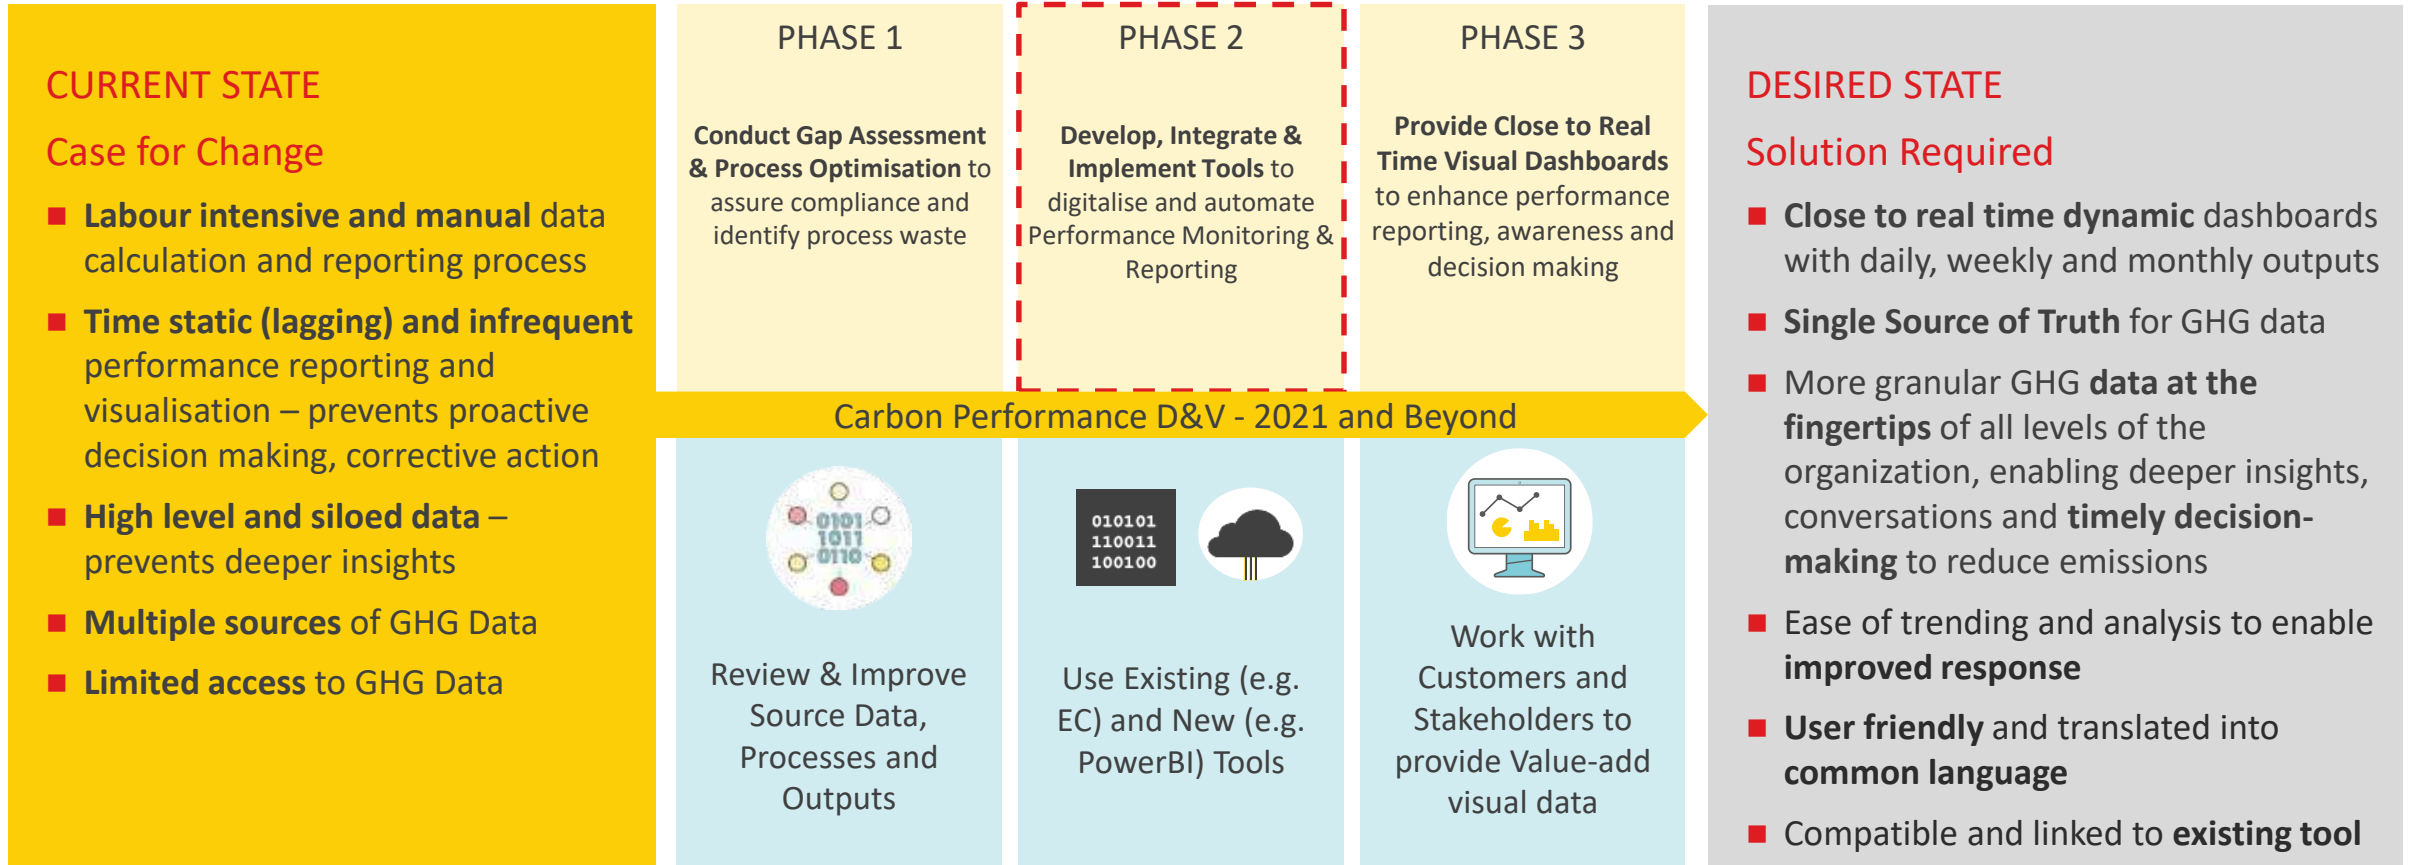

- BSP monitors and reports Environmental performance, including
 - Flare & Vent emissions
 - Greenhouse Gas (GHG) Performance & Abatements
 - GHG intensity

Objectives

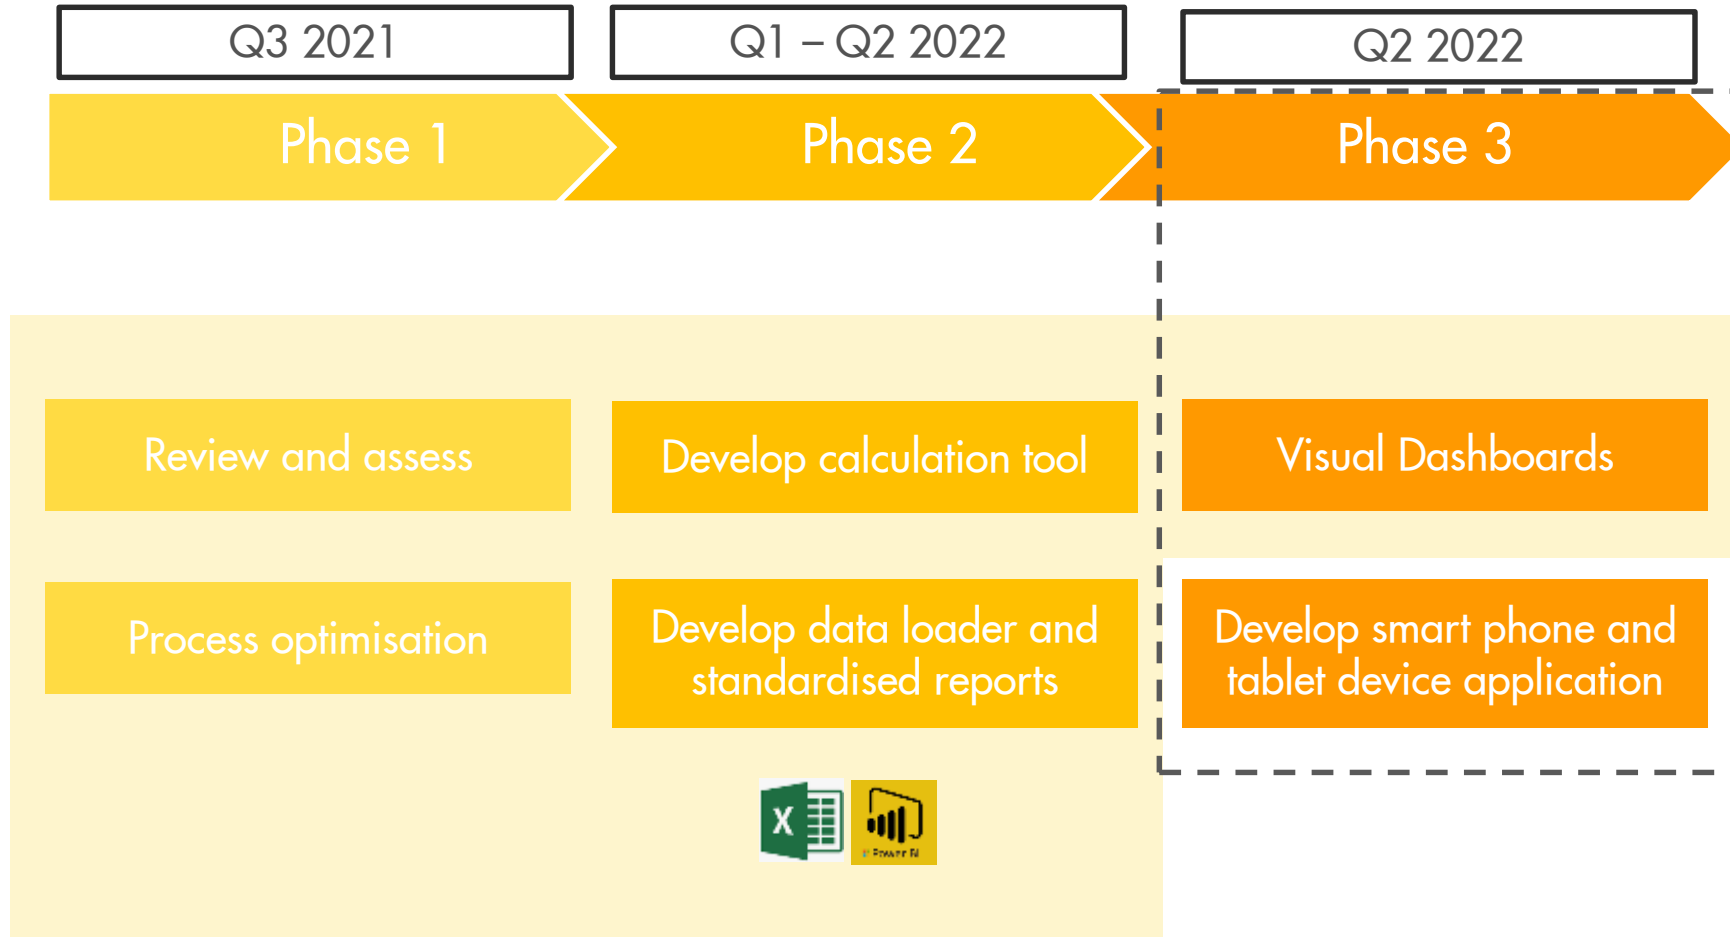

- Monitor and enhance performance
- Meet stakeholders' requirements and aspirations
- Identify improvements and solutions
- Aids decision making
- Raise awareness and visibility

GHG PERFORMANCE MONITORING AND VISUALISATION

Goal: to have close to real time automated and digitalized monitoring and reporting of accurate and complete **BSP GHG Emissions data** from a single source of truth, visualised through **performance dashboards**, to enable improved GHG awareness, understanding, insights and timely interventions at **all levels of the organization**.

IT OPPORTUNITIES

Smart Inventory System

- Manage BLNG's IT equipment, applications, tools, licenses

Enterprise Learning Management System

- A system for managing online learning capable of creating bespoke learning content and deploying mass training assignment BLNG wide.

Document Digitisation with Cost Benchmarking System

- Digitise and systematically structure procurement documents (eg. invoices, receipts)
- Provides insight to end user to efficiently improve decision-making – Cost benchmarking system on procured items

PowerBI - Training/Support

- Upskill BLNG staff to use PowerBI
- Empower BLNG staff to create PowerBI dashboards
- Software master-user support
- Resources to build dashboard
 - Eg. Credit risk exposure breakdown, risk category, security coverage

Hardware (2)

- Supply of IT Hardware and Other Computer Peripherals
- Supply of Multifunctional Printers and Maintenance

Tool Provision and Services (5)

- Provision, Support & Maintenance of Service Desk Tool.
- Provision, Support & Maintenance of Softphone (Unified Communication).
- Enterprise Content Management (ECM) Phase 2: Digitisation
- Data Clean-up & Migration Services for Fleet ERP
- Disaster Recovery Infrastructure Migration to Cloud

Software Development (2)

- Provision, Support and Maintenance of Website/Intranet Development
- Provision, Support and Maintenance of Contract Management Platform (E-Tendering).

Training (1)

- Provision of Data Analytics & Digital Literacy Program

2023 Onwards

Potential Future Opportunities

Digitalisation Projects Outlook (4)

- Provision, Support and Maintenance of Data Lake
- Provision, Support and Maintenance of Corporate ERP
- Cloud Infrastructure
- Shipping Artificial Intelligence System

High Level Description

Provision of Tool, Support & Maintenance (2)

Service Desk Tool

- To replace existing IT Service Ticketing System in BGC.
- Allow multiple supports, not just IT.
- Allow tracking and monitoring of all request/ issue log etc.
- Support and maintenance.

Softphone

- To replace current telephony in BGC.
- Transform the analog telephony into digital.
- End to end replacement – involves servers and peripherals.
- Support and Maintenance

Provision of Software Development/ Tool (2)

Website/ Intranet

- To replace current BGC Website and Intranet
- To refresh with new look and feel.
- Provide additional advancement such as mobility capability and app.
- Support and Maintenance

Contract Management System

- To provide/ develop a system for Tender and Contract Management platform for Vendor access.
- To ease communications and tendering process between BGC and Vendors.

Provision of Services (3)

Digitization

To digitize hardcopy documents into digital softcopy and store in BGC Enterprise Content Management (ECM) System i.e., Document Repository.

Data Clean Up

To clean, structure, massage and prepare all the data from existing fleet and QHSE systems, ShipBoard, Office Desktop and Omnisafe. In preparation for migration to the new fleet ERP system.

DR Migration

To migrate BGC DR Environment to Cloud.

DARE

Darussalam Enterprise

Programmes and Initiatives under Darussalam Enterprise

Presenter: Umami Othman
Startup Development Unit, Enterprise Programme

A NATIONAL AGENCY FOR MSME DEVELOPMENT

What is **DARE**?

A statutory body established in 2016
by His Majesty The Sultan and Yang Di-Pertuan
of Brunei Darussalam

VISION

To build enterprises into dynamic and
resilient drivers of economic growth

MISSION

To enable enterprise growth through a pro-
business ecosystem with necessary
infrastructure, reliable support and effective
development programmes

HOW DO WE HELP MSMEs IN BRUNEI?

Market
Access

Training

Promotion

Finance

Space

Support
Services

MARKET ACCESS

Supports enterprise growth and encourages exports by local enterprises

PROUDLY BRUNEI

A programme facilitating businesses with commercially-marketable products to enter the local market through high-traffic retail spaces.

Displays Bruneian-made Medium to High end products in key locations and provides e-commerce platform and appointed retail partner to purchase featured product

A 6-month programme to help MSMEs attain international certifications (GMP, ISO), adhering to international standards of operation,

International Markets

Connect and facilitate local companies to expand to overseas markets

Increase economic activities for positive growth of MSMEs by maximizing local purchasing of Large Companies and facilitate import substitution when possible

A theme-based programme to facilitate and grow established MSMEs to international expansion.

PROMOTION

Promoting an entrepreneurial culture by sharing and recognizing success to inspire resilient future entrepreneurs

An annual event held to promote and showcase local entrepreneurship, alongside a conference, sharing sessions, inspirational talks and business clinics.

BIZ | BRUNEI

Sharing local entrepreneurship

An online news platform to share stories of local entrepreneurship, socialise business opportunities and reforms.

SPACE

Provide infrastructure to growing businesses

- DARE has 25 industrial sites, including industrial land and ready built factories to support the development of local manufacturing activities.
- Application need to go through the Industrial Site Application Processing System (InSiteAPS)

Incubation, Co Working & Pre Commercial Spaces

- To support micro businesses and high value startups at early stages of business.

KONTENA PARK

- Kontena Park is a food incubation space to help entrepreneurs grow their businesses.
- The incubation cycle is for a one year period where businesses are offered a platform to test and validate their product in a real market setting, guided by monthly coaching and curated modules offered.
- Takes in a maximum of 8 vendors per cycle.
- The interested applicants will undergo 3 assessment stages:
 - Submission of Application Form
 - Attendance of workshops
 - Submission of Business Plan & Food Assessment.

DARE
Darussalam Enterprise

- An incubation centre and co-working space for entrepreneurs with access to capacity-building programs, scaling up, investment opportunities and the startup ecosystem.
- One year incubation programme.
- Types of incubation:
 - Physical
 - Virtual
- Eligibility:
 - Registered & based in Brunei Darussalam
 - Joined & completed DARE Bootcamp programme
 - Submission of Application Form

iCENTRE

chat&chew

NETWORKING SESSION

A networking event – specifically for startups developed in DARE’s ecosystem to showcase their achievements and connect with peers and stakeholders.

- Give an opportunity for startups to share their journeys, struggles and experiences with the community.
- Provide a platform for startups to showcase their achievements.
- Network with peers and stakeholders within the startup ecosystem.

Exposure trips

Annual trips of selected iCentre startups to established startup ecosystems geared towards providing exposure to:

- Innovative culture.
- Best practices in start-up and ecosystem development.
- Opportunity to network with VCs, ecosystem builders and start-ups.

Future plans is to look into visiting regional startup ecosystems and inviting more stakeholders to join.

Silicon Valley Exposure Trip

First trip conducted in February 2020 to Silicon Valley, California, United States with 3 selected iCentre incubatees, DARE personnel and BEDB personnel.

Entrepreneurial training & development programmes to improve MSMEs' business capacity and capabilities

- Launched in July 2016
- Classes are held all year round – conducted by in-house trainers and external consultants and collaborators.
- Workshop classroom-based setting ranging from half a day and up to 3 days.
- The academy includes modules that cover the core aspects of running businesses, from marketing to accounting, carried out in classes across increasing levels of complexity.

TRAINING

microi
BOOTCAMP PROGRAMME

- Launched in January 2018.
- A programme to upskill and develop participants in entrepreneurship – more specifically micro businesses.
- It is an intensive 4-week programme of entrepreneurial training in critical business know-how for starting, running and growing a micro business - followed by a 6-month monitoring period,
- Participants are expected to finish a business plan at the end of the programme.

TRAINING

accelerate

STARTUP PROGRAMME

- Launched October 2016.
- It is a 100-day accelerator programme where participants learn from business experts and receive mentorship from experienced entrepreneurs – taking MSMEs from ideation to execution.
- Ends with a Demo Day where participants pitch their ideas to real-life investors.
- Top 3 startups from Demo Day will pitch to regional investors (subject to facilitator).

accelerate

**CONGRATULATIONS
TO OUR TOP 3 STARTUPS**

We would also like to thank all 25
selected startups that have joined
the programme.

We look forward to see you
accelerate in the near future!

Entrepreneurial training & development programmes to improve MSMEs' business capacity and capabilities

Brunei Mentors for Entrepreneurs Network is a voluntary national network that brings together business mentors comprising of successful entrepreneurs, industry experts, professionals and academicians who are willing to share their knowledge, experience, and mentor growing businesses.

DARE
Darussalam Enterprise

Co-Matching Scheme

FINANCING SCHEME

What is the Co-Matching scheme and how does it work?

swipe left

An illustration at the bottom of the slide shows two stylized figures, a man and a woman, interacting with financial symbols. The man is pushing a large gold coin, and the woman is holding a magnifying glass over a green banknote. In the background, there are stacks of gold coins, a potted plant, and two blue arrows pointing upwards, representing growth and investment.

Co-matching Scheme

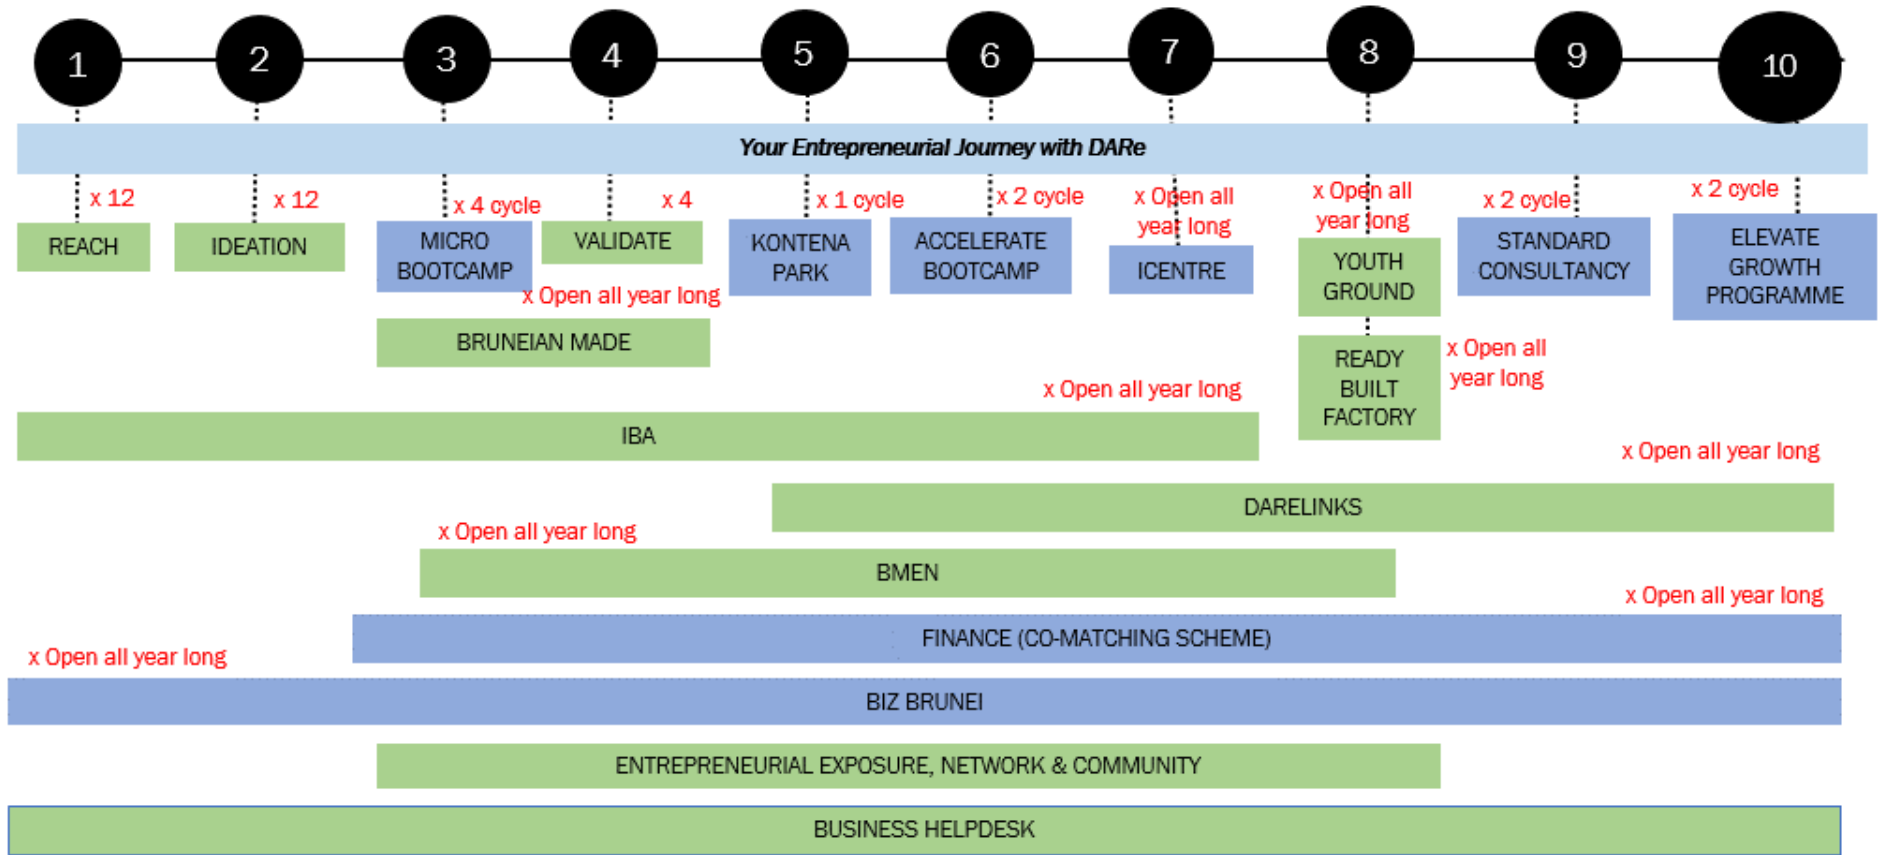

Launched in June 2019.

To encourage growth within MSMEs through sharing the cost and responsibility of investment.

70:30 'co-matching' component requires MSMEs to put forward 30% of cost while DARE funds 70%.

Two categories:

- Starting up, up to \$10,000.
- Expansion, up to \$20,000.

Shell liveWIRE BRUNEI

DK SITI SYUHAIDAH PG HJ BAHARUDDIN
BUSINESS COUNSELLOR

PROGRAMMES & INITIATIVES BY SHELL LIVEWIRE BRUNEI

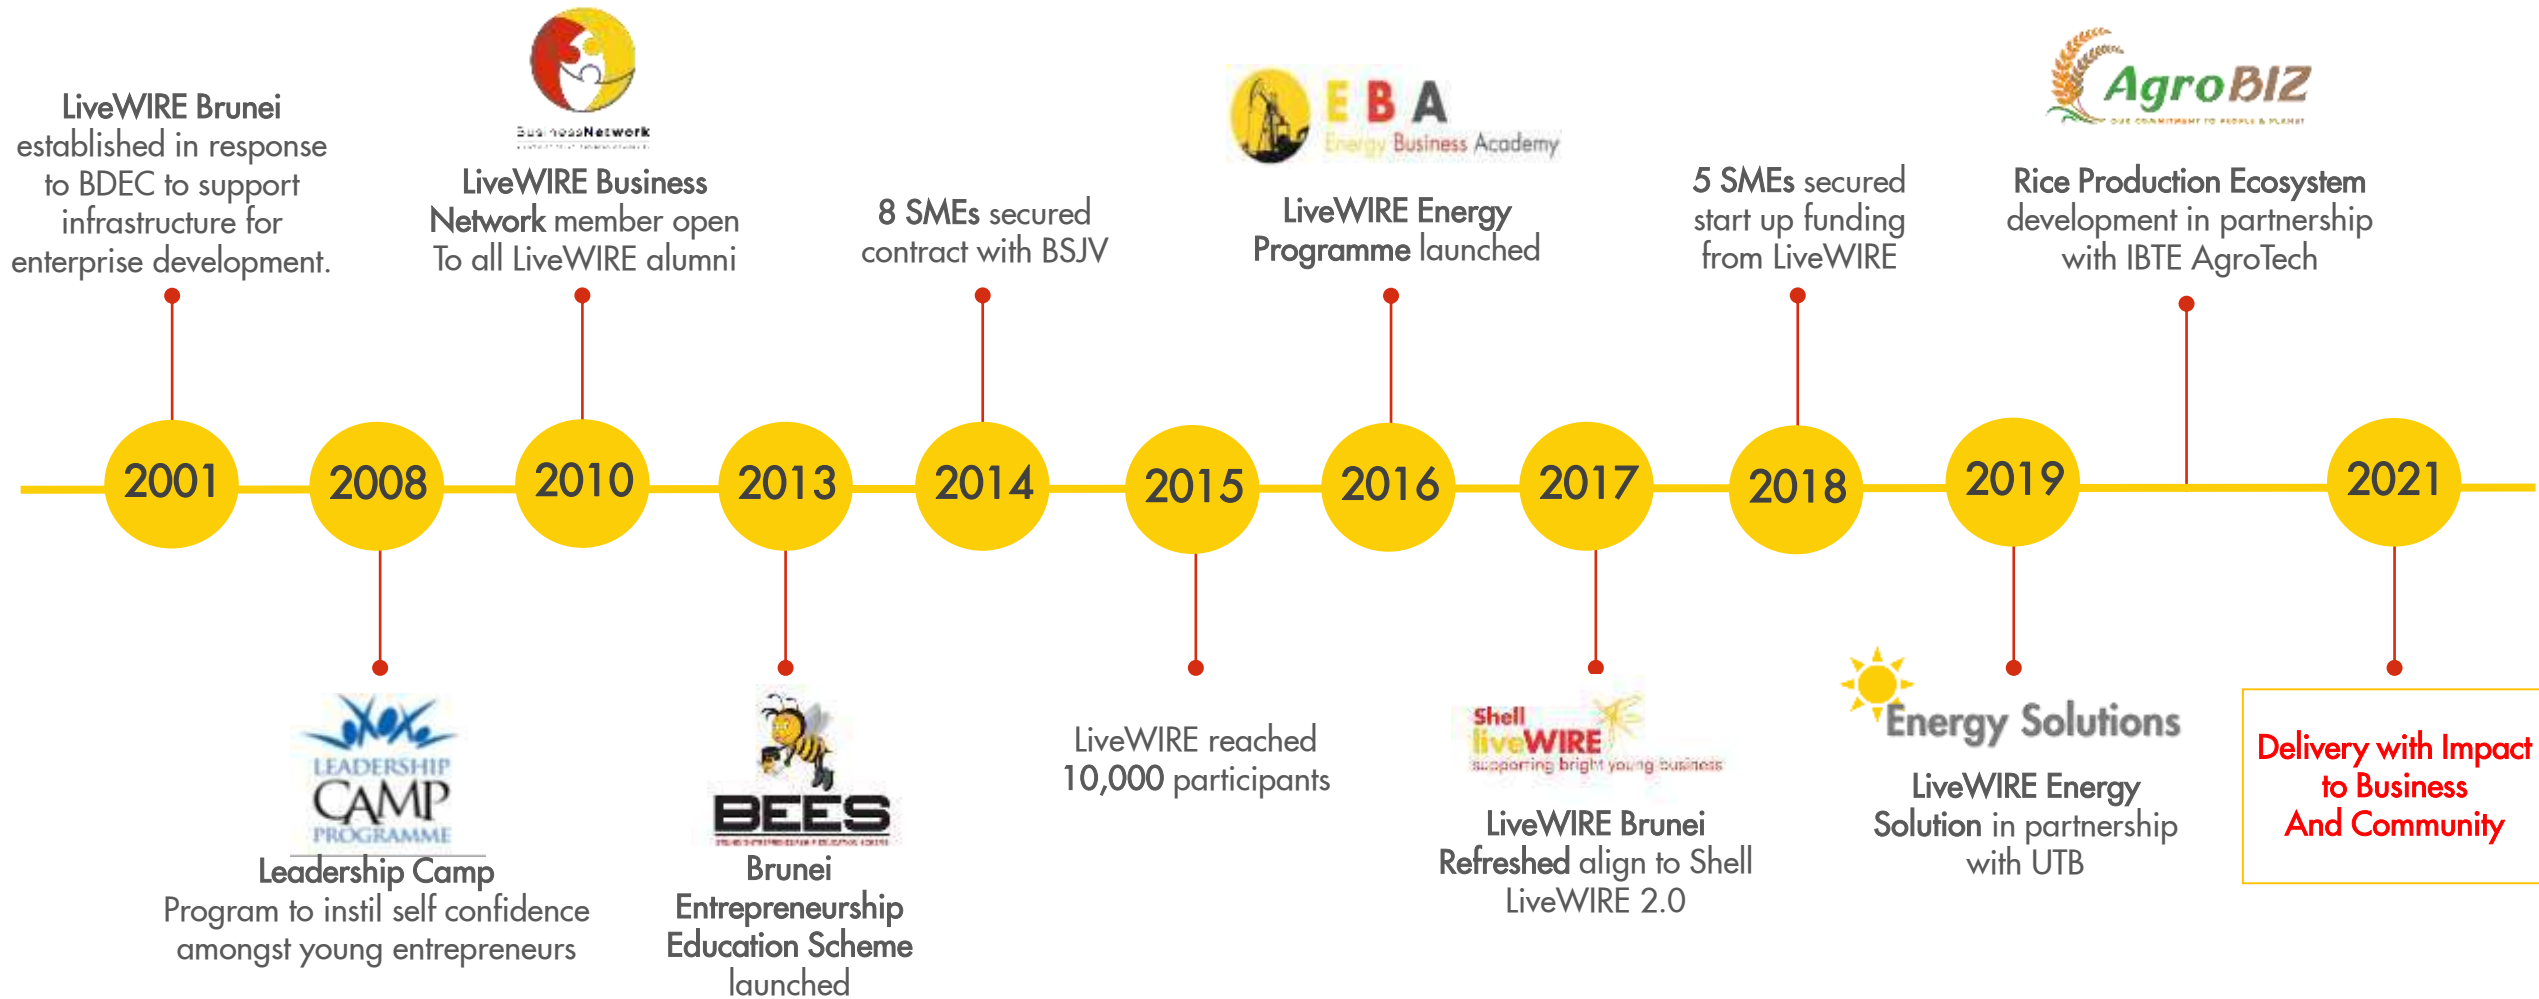

Introduction to Shell LiveWIRE Brunei

- Shell LiveWIRE Brunei is a Social Investment Flagship of Brunei Shell Petroleum Sdn Bhd.
- Established on 1st May 2001 in response to the call of Brunei Darussalam Economic Council (BDEC) to support infrastructure for enterprise development as a long-term sustainable economic development.
- The objective is to stimulate the local economy through entrepreneurship, innovation and meaningful employment.
- Our workshops and programmes are specifically open to citizens and permanent residents of Negara Brunei Darussalam.

Shell LiveWIRE Brunei Journey

Delivery with Impact to Business And Community

5 Core areas of Shell LiveWIRE Brunei

Agriculture

Digitalisation

Energy Transition

Smart Manufacturing

Waste Management

Shell LiveWIRE Brunei Programmes

A LiveWIRE Brunei Business Programme

MASTER CLASS

LiveWIRE Masterclass is a fundamental level 2-hour workshop that comprises of applied theories and practical activities to equip entrepreneurs with the fundamentals of business skills from various industries.

The current focus are on **Entrepreneurship** and **Digitalization**.

Currently we have **22 topics** in total.

Two Days workshop

- To raise awareness of self-employment and business start-ups as a realistic option among unemployed Bruneians especially aged 18-40.
- Facilitates participants to think through the issues involved when starting a business.
- To provide information about starting a business and to assist them to develop their business ideas.
- To introduce a framework of thinking when starting a business.

BUSINESS PLAN SERIES

A LIVEWIRE BUSINESS INITIATIVE

A 4-half-day (or 2 full day) workshop that gets the participants to discuss and present their business plan.

- Participants will first learn what is a **Business Plan, Executive Summary, Business Profile** and plan their initial **Startup Cost**.
- Market Strategy, Organization and Operations, Financial Management.
- Financial Management - Cash Flow, Presenting a Business Plan.
- They will also learn deeper about different types of products and services, how to do market research on, identify their competitor and utilize tools to their advantage such as **PEST** and **SWOT analysis**.

Become a Successful Owner Manager

A **four-day workshop** for participants wishing to progress further with building their business ideas into actual business.

The program objectives include:

- Developing a business idea and doing associated market research.
- Preparing a business plan and financial forecasts.
- Running a business, including marketing, management and financial control.
- Understanding the Bruneian Entrepreneurial Ecosystem

Objectives of IT & Digitalisation Department

- To develop, deploy and maintain software usage in Shell LiveWIRE Brunei.
- To ease the IT and Digitalisation integration for Shell LiveWIRE Brunei.
- To facilitate data storage and analysis to support data-driven decisions in Shell LiveWIRE Brunei.
- To protect the integrity of the Department's information and IT assets.
- To alleviate technical issues within Shell LiveWIRE Brunei e.g. facilitate online workshops, hardware technical support.

Data Analytics in Shell LiveWIRE Brunei

Outcome of Data Analytics:

- Better support decision making.
- Shape our workshops based off participant's traits.
- Plan out future workshops based of customer demands.
- Increase efficiency of operations.

IT Project Opportunity 2022

LMS Objectives

- To have a digital platform for participants to join Bright Ideas, Business Plan Series and Become a Successful Owner Manager. (Masterclasses as second priority)
- To allow for successful registrants to access these workshops at their own time and convenience
- To monitor progress of participants to be certified
- To make sure it is only accessible for successful registrants
- To track data of results for each programme
- To ensure sufficient flexibility for hosting different programmes in the platform
- Concept of Blended Learning is desirable
- LMS is expected to have a soft launch in June 2022 and full launch in July 2022

Main Criteria for Use Cases

- These LiveWIRE Core Programmes to be hosted online with or without a live facilitator.
- LMS must be able to have a time limit of availability for successful registrants.
- Content such as slide deck pdfs, word documents, videos, photos should be able to be hosted.
- Activities such as business model canvas writing, quizzes should be able to be hosted with automatic grading and results wherever applicable.
- Chat boxes should be available for peer to peer conversations.

Problem

- Participants need flexibility to join BSOM, BI and BPS programs
- Unsure when covid restrictions will ease
- Counsellors who can conduct these workshops are limited

Unique Value Proposition

- Registered participants can join the programmes at their own pace
- Participants who complete the programs gets emailed certification
- Streamline BPS, BSO, BI process
- Easy access for both back end and participants
- Use existing third party platforms that were identified

Participant Process Flow (Proposed)

VISION

"Encourage Creativity to Foster an IP Culture"

Since **2012** more than:

340 Patents

26 Industrial Designs

10,798 Trade Marks

were registered in Brunei.

Activities:

- Advise on IP registrations, laws, management & commercialization.
- Partnership with stakeholders to support Brunei's innovation ecosystem.
- Provide a comprehensive IP regime consistent with international IP standard.

MISSION

INTELLECTUAL
PROPERTY OFFICE
BRUNEI DARUSSALAM

Increase
effective IP
Awareness

Promote IP
management and
commercialization

Improve IP
Services

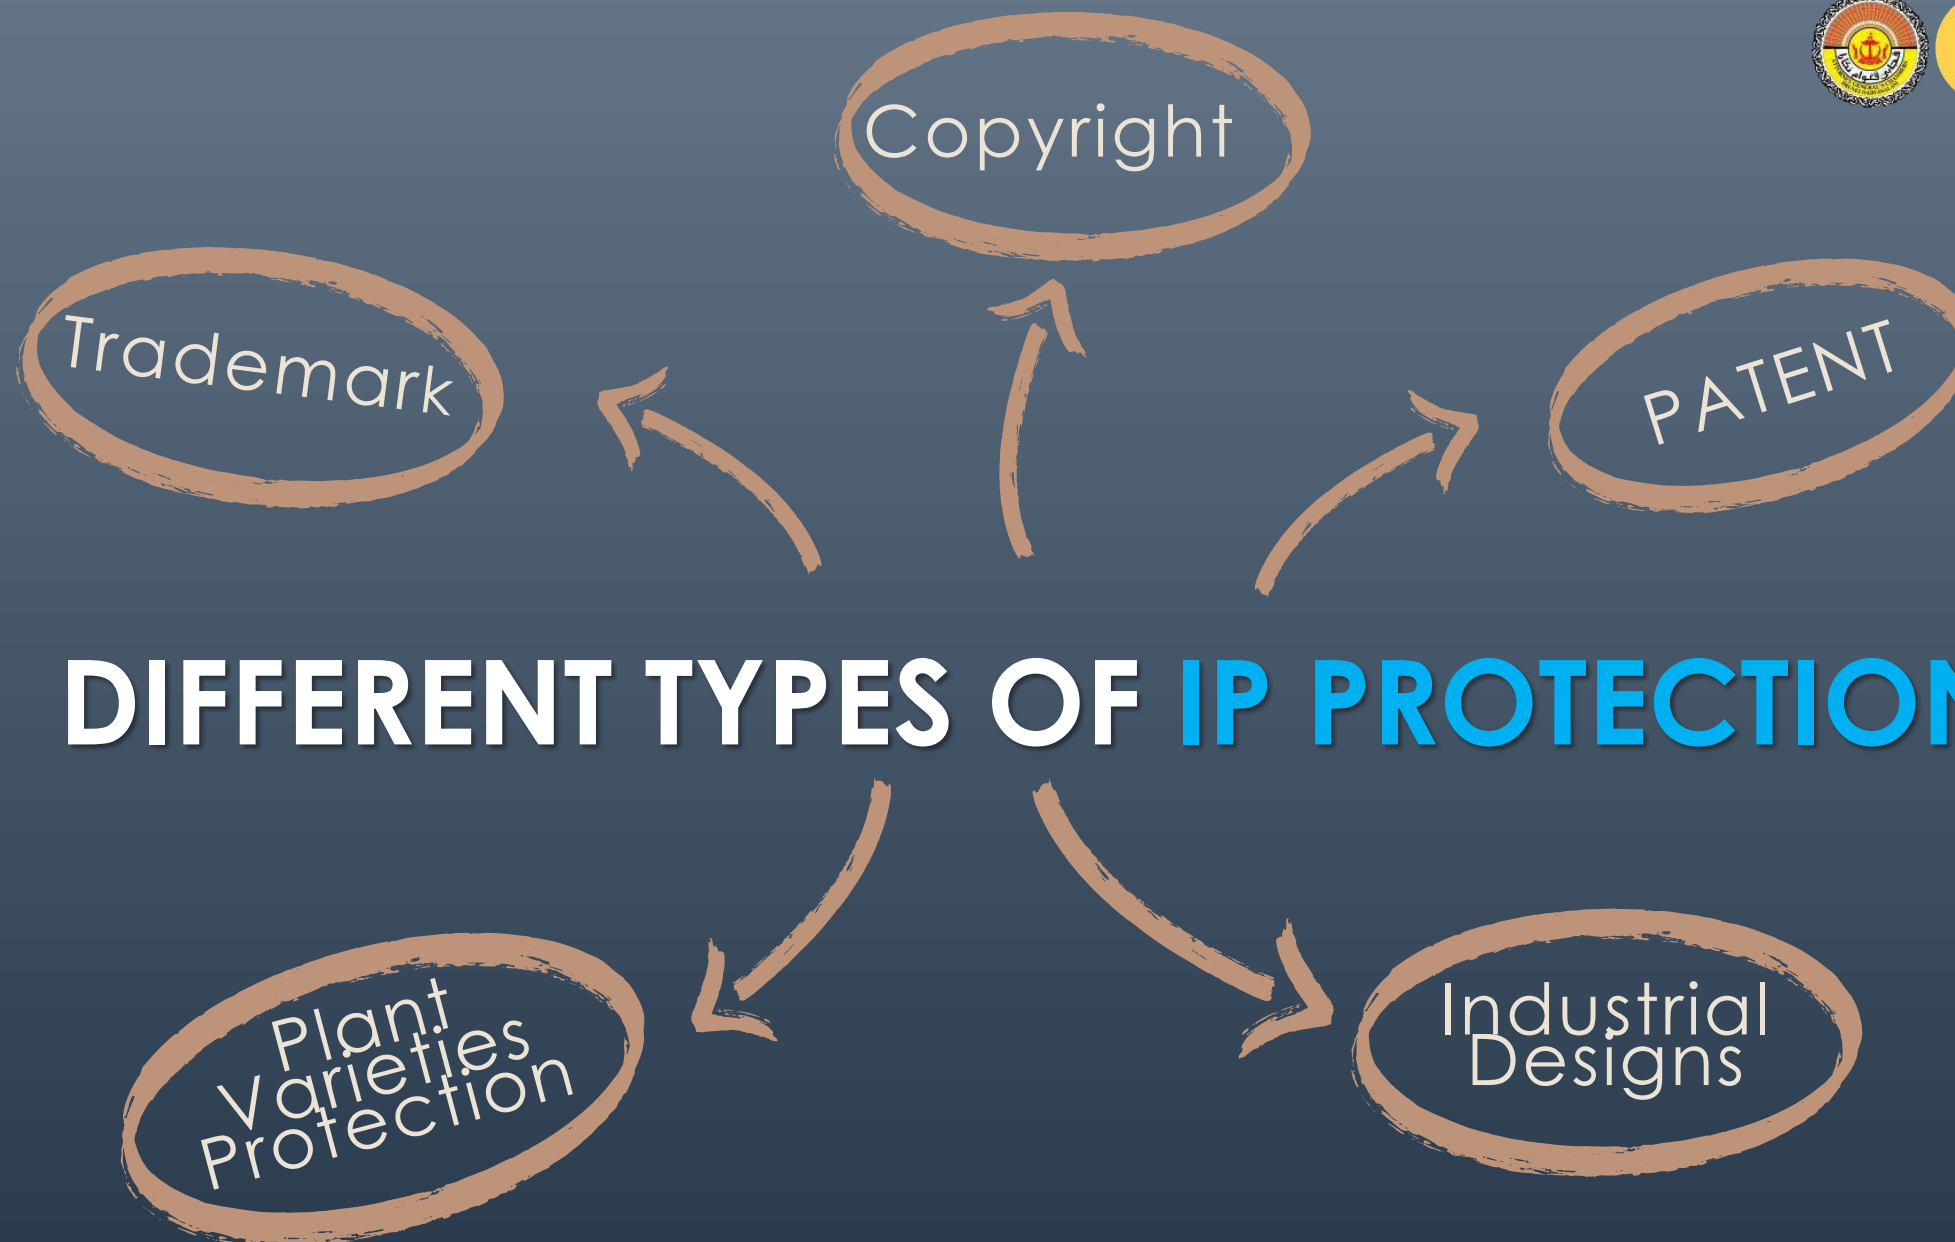

Deliver an
efficient IT
infrastructure

WHAT IS INTELLECTUAL PROPERTY?

A term used to define a set of **intangible assets** or **assets** that are not physical in nature:

- **Brand Names and Logos**
- **Inventions**
- **Artistic and Literary work**
- **Designs**
- **Images**
- **Software**

DIFFERENT TYPES OF IP PROTECTION

TRADEMARK

A trademark is a sign capable of distinguishing the goods or services produced or provided by one enterprise from those of other enterprises.

BENEFITS

- Exclusive legal rights to use, sell or license and stop others from using the registered Trade Mark without permission.

ELIGIBILITY

- Distinctive
- For commercial use
- No conflicting marks registered in BD

PROTECTION

- **10 years** from the date of filing.
- This may be renewed for another 10 years subject to the payment of the renewal fee.

PATENT

An exclusive right granted by the government for an **invention** which can be a **product** or a **process** that provides a **new technical solution** to a problem.

**Brunei 1st Local
Patent UDRA Window
Shades**

BENEFITS

- Patent owner holds exclusive right including to sell, license and raise investments
- Development of new technologies

ELIGIBILITY

- New
- Incentive Step
- Industrial Application

PROTECTION

- 20 years from the Date of Filing provided that the Patent is maintained yearly starting from the 5th year.

PRE-FILING CHECKLIST

Before applying for a Patent in Brunei, ensure that your invention is eligible for registration:

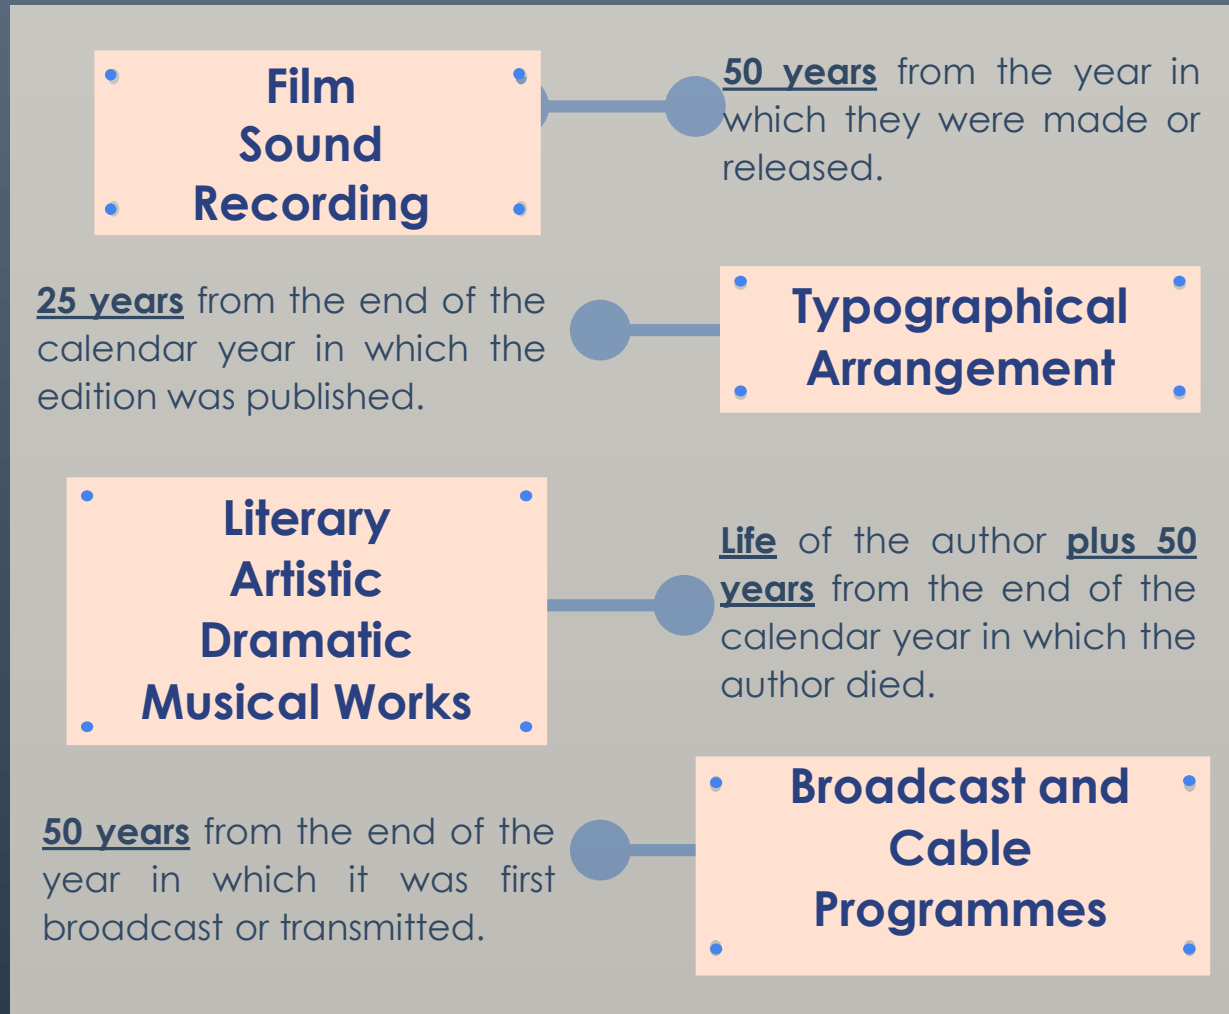

1. Is your invention patentable?
2. When should you apply for a patent?
3. Do you have technical and accurate description of the patent?
4. Are there are any existing inventions similar to yours?
5. Are you entitled to register for a patent in Brunei?
6. Have you disclosed your invention to anyone?

ASEAN Pitch Fest 2018

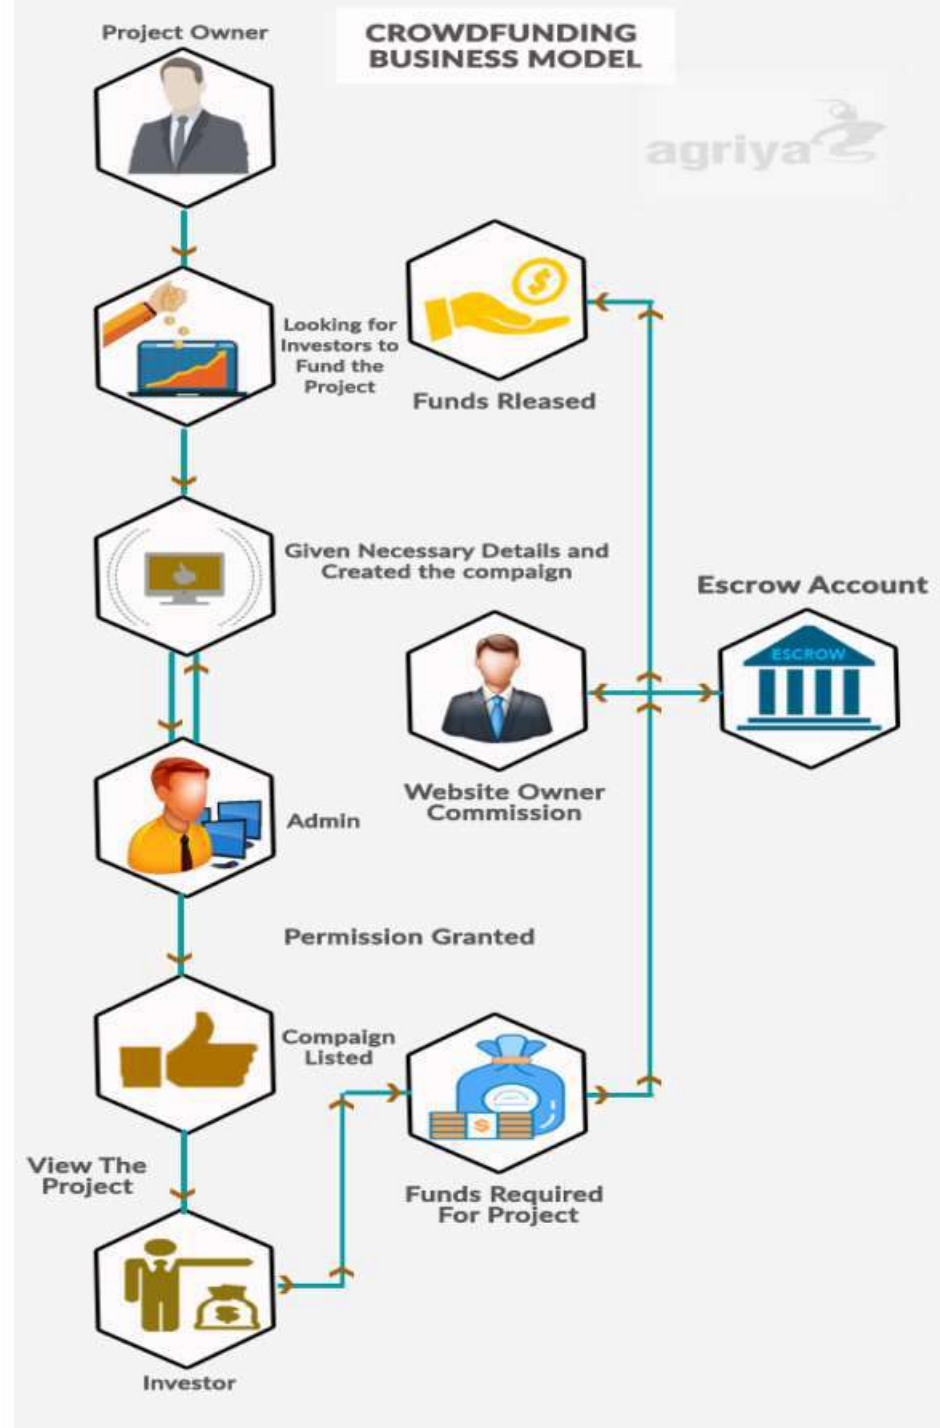

Achieving Greatness with Islamic Economy, Globally

A Fintech Pioneer in P2P Islamic Crowdfunding for Micro SMEs, Jana Kapital founded in 2017, was incepted in November 2018 following new business partnerships in their business venture.

Jana Kapital adopts a crowdfunding model based on Islamic principle of Murabaha (cost plus profit financing) to finance the acquisition of assets required by Startups, Micro and SME businesses in Brunei.

The concept of Crowdfunding premised on Islamic structure conforms perfectly to Syariah and has the same participatory methods that are cornerstone of Islamic Finance – investors (crowd-funders) help purchase acquisition of assets that are then utilised by businesses to give rise to real economy and productive sectors, based on a profit and loss sharing principle.

Project Owners / MSME Dossier

 Murabaha Asset Financing

 How it works

Regulatory Parameters

From Notice Peer-to-Peer Financing Platform Operators (CMA/N-1/2019/13)

Financing limit:

- An MSME can only raise up to BND500,000 within a 12-month period, irrespective of the number of projects an MSME may seek funding for during that 12-month period; and
- An MSME can only utilise the P2P Platform to raise a maximum amount of BND1 million, excluding the MSME's own capital contribution.

Investment limit:

4 MSMEs over a 2-year sandbox period

Starting Date:

05 August 2020

Approved on: 5th August 2020

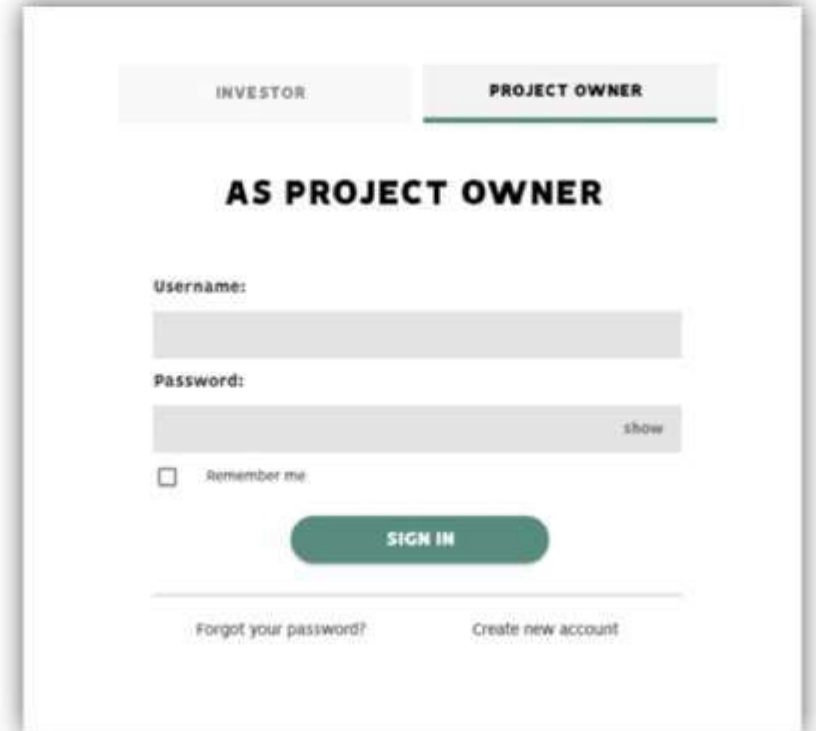

Murabaha MSME Asset Financing

- Facilitate the financing of Asset for Business
- Offers An Alternative form of financing to traditional bank financing
 - Adopts Islamic Principle of Murabaha
 - Based on real, time-sharing platform
- Opportunity to tap into/source domestic funds from a pool of local investing community and potentially later from the broader SE Asian and global-investing communities

Murabaha Financing

How it works for:

PROJECT OWNERS / MSMEs

The screenshot shows a login interface for a Project Owner. At the top, there are two tabs: 'INVESTOR' and 'PROJECT OWNER', with the latter being selected and underlined. Below the tabs, the text 'AS PROJECT OWNER' is displayed. The form includes a 'Username:' label followed by a text input field. Below that is a 'Password:' label followed by a password input field with a 'show' link on the right. A checkbox labeled 'Remember me' is positioned below the password field. A green 'SIGN IN' button is centered below the form. At the bottom, there are two links: 'Forgot your password?' and 'Create new account'.

Minimum Set Criteria

- ✓ Startups with commercially-viable business ideas
- ✓ Startups or MSMEs with at least 1 year of operation as a locally- registered business
- ✓ Bankable Business Plan
- ✓ Minimum Gross Revenue of BND25K or Equivalent in Annual Sales
- ✓ Positive free cash flow in the past 12 months
- ✓ Purchase order from Supplier or Customers
- ✓ Funds will not be used to extend loan or investing in securities

MSME or Startups Projects
or campaigns meeting
Minimum Set Criteria will be
listed in The platform for an
agreed crowdfunding
campaign period.

The screenshot displays the 'PROJECTS' page on the JANAKAPITAL website. The page features a navigation bar with links for HOME, HOW IT WORKS, PROJECTS, DONOR, and REGISTER. Below the navigation bar, there is a 'PROJECTS' section with a 'Sort by' dropdown menu and a search bar. A legend indicates that green bars represent 'Ongoing' projects and dark green bars represent 'Completed' projects. The list of projects includes:

- 5180001** Anna Roor: We're looking to purchase sewing machines for our tailor shop. Bandar Seri Begawan. \$5000.
- T00001** Kumpul Cui: We're looking to purchase new kitchen appliances such as refrigerators and mixers for our new branch. Tuting. \$10,000.
- K80001** LNC Sdn Bhd: We're looking to purchase machineries such as tractors. Beati. \$250,000.
- TE0001** Uu Tembung: We're looking to purchase new computers for our office. Tembung. \$100,000.

**Upon successful
crowdfunding campaign,
where funds required are
fully met by Investors:**

- ✓ **Sign Sale & Purchase agreements with Investors**
- ✓ **Purchase Intended Assets from Vendors on behalf of Investors**
- ✓ **Utilise Assets and Run Business Operations**
- ✓ **Startups or MSMEs Commitment to Repay Principle and Profit to Investors on Deferred basis at the end of an agreed tenure**

INDUSTRY VENDOR DEVELOPMENT PROGRAMME

Differentiated value proposition for technopreneurs through the capitalization of corporate assets to enhance vendors' tech capabilities in the industry

AGGREGATING TECHPRENEURS DEVELOPMENT PROGRAMME

Aggregated platform to consolidate technopreneur development programmes between various organisations to provide fundamental business knowledge to technopreneurs

A long-exposure photograph of a city street at night. The foreground is dominated by vibrant, multi-colored light trails from moving vehicles, primarily in shades of red, orange, and yellow. In the background, a city skyline is visible, with several skyscrapers illuminated against the dark night sky. The Empire State Building is prominent on the left side. The overall scene conveys a sense of motion and modern urban life.
